

Birthday Parties on the Farm: Farm-Fun Activity Choices

Feed Chickens

Search the Farm for food scraps and weeds that aren't serving us but are the perfect treat for our beloved flock of chickens. Feed the chickens and watch them scratch through the food, search for insects, and give themselves a dust bath.

Plant Herbs

Decorate a pot and plant organic herbs to start your own garden at home or to add to your next recipe. Choose from either:

- Peat pot
- Clay or tin pot (*additional cost*)

Create Nature Art

- Botanical Stamps: Harness the unique and mesmerizing shapes that occur in nature by using fruits, veggies, and flowers found around the Farm as stamps and paintbrushes.
- Garden Rock Decorating (*additional cost*): Let your imagination soar as you decorate a stone with paint and other materials. Bring your masterpiece home to add to your own garden!
- Flower Bouquets (*seasonal*): Harvest flowers and herbs to create a colorful bouquet to bring a little piece of the Farm back home.

Farm-to-Fork Snack

- Salad Tacos: Harvest seasonal fruits and veggies from the Farm and chop them up. Load up a kale leaf with the produce and dunk in an herb dressing.
- Pollinator Snack: Assemble your very own butterfly, bee, or dragonfly on a graham cracker using sliced produce, herbs, and flowers harvested fresh from the Farm.

Play Games

- Kale Relay Race: A farm twist on your favorite relay race games. Nothing beats team work, laughter, and a little friendly competition.
- Pollinator Tag: Embody your favorite pollinator or flower and learn how pollination works in a fun game of tag.

Sample Schedule
